and yet they are alive,
They are man's memory
and his aspiration,
The link between his present
and his past,
The tools he builds with.*

The Asylum

Cumulative Index, Volumes 26–30 (2008–2012)

William Malkmus

The following five-volume index is presented as a supplement to the twenty-five volume *Asylum* index which was published as a separate issue about five years ago. It follows the same general format, described at length in that index. One new subject category has been added, namely, “Numismatic Research,” to supplement the previous category, “Literature (Miscellaneous)”.
